

# Code\_Interview\_Websites

## Code Practice

- **LeetCode: (leetcode.com)** A massive collection of coding challenges categorized by company, difficulty, and topic.
- **HackerRank: (hackerrank.com)** Similar to LeetCode with a strong focus on interview preparation.
- **Codewars: (codewars.com)** Gamifies coding practice by having you "level up" through challenges.
- **CodeChef: (codechef.com)** Known for its competitive programming contests and a large active community.
- **Exercism: (exercism.org)** Focuses on deliberate practice with personalized feedback and mentoring.
- **Coderbyte: (coderbyte.com)** Offers coding challenges, tutorials, and interview prep courses.
- **TopCoder: (topcoder.com)** A long-standing platform for coding competitions.
- **CodinGame: (codinggame.com)** Learn coding through games and puzzles.
- **Geektastic: (geektastic.com)** Provides technical assessments focused on real-world scenarios.
- **Educative: (educative.io)** Interactive coding courses with text-based learning environments.

## For Mock Interviews

- **Interviewing.io: (interviewing.io)** Anonymous mock interviews with engineers from top companies.
- **Pramp: (pramp.com)** Free peer-to-peer mock interviews.
- **InterviewBit: (interviewbit.com)** Structured interview prep with mock interviews and feedback.
- **Gainlo: (gainlo.co)** Mock interviews tailored for specific companies like Google or Amazon.
- **Mocki: (mocki.io)** AI-powered feedback for technical interview practice.
- **Tech Interview Pro: (techinterviewpro.com)** Comprehensive curriculum with expert-led mock interviews.
- **AlgoExpert: (algoexpert.io)** Video explanations of algorithm problems plus a mock interview platform.
- **TryExponent: (tryexponent.com)** Focuses on behavioral interviews and case studies.
- **ByteByteGo: (bytebytego.com)** System design prep resources targeting FAANG companies.

## General Practice with Mock Interviews

- **GeeksforGeeks: ([geeksforgeeks.org](https://www.geeksforgeeks.org))** Tutorials, interview questions, and company-specific experiences.
- **Interview Cake: ([interviewcake.com](https://www.interviewcake.com))** Breaks down complex problems into easy-to-understand solutions.
- **My Interview Practice: ([myinterviewpractice.com](https://www.myinterviewpractice.com))** Simulated interviews for various job roles.
- **Glassdoor: ([glassdoor.com](https://www.glassdoor.com))** A repository of company reviews, salaries, and interview questions.
